

Dear Members of the Williamsburg Music Club,

Thank you very much for providing me and many other area musicians with wonderful opportunities to grow musically. Your grants have helped me over the years to fund music lessons and to acquire much of the music that I play. The club members have always been a supportive and enthusiastic audience, and I looked forward to performing in the scholarship auditions every year.

I am delighted to let you know that I will be attending the University of Miami (Florida) starting this fall with a major in Aerospace Engineering. I intend to keep playing both the piano and horn in college. I will study the horn with Professor Rick Todd, and I do not yet know with whom I will be studying.

Again, thank you very much for providing me with many wonderful musical experiences during my middle and high school years.

Sincerely

Anthony Feldman
