

Dear Williamsburg Music Club,

Thank you once again for the generous award. It will help me continue my wonderful piano studies with Mrs. Judy Zwelling. I always enjoy competing in your grants auditions, and it is extremely gratifying to be recognized from among all of the amazing talent.

I have enclosed a poster for "WOMEN ROCK" at the Kimball Theatre on March 30. To celebrate Women's History Month, the show features local female musicians performing songs written by women, and all proceeds will benefit the Avalon Shelter for Women and Children. I'm very excited to be one of the performers in this great program. If you can, please pass along this information to your members. It

should be an entertaining evening, and
it's certainly for a good cause!

Sincerely,

Haley Griffith ♡
