

Dear Williamsburg Music Club,

I am here to thank you very much for all the opportunities you have given to not only myself but also to the entire local music community. You have been very generous and kind to award me prizes two years in a row. This year, I will be attending college and will major in music as part of my double major; therefore, this money will definitely help in paying the expensive fees associated with college. I am again very grateful for all you have graciously provided to me as a growing pianist.

Thank you,
Jason Zhang
