

Dear Williamsburg Music Club,

Thank you so much for the grants and auditions you hold every year that help music students to further their studies. I truly appreciate the experience I have gained from singing at these auditions. I am so grateful that I was chosen to receive a Young Talent Award this year! I used this award to help pay for voice lessons. Every contribution is greatly appreciated as my family faces the great cost of sending me to Belmont University in Nashville, TN, to study commercial vocal performance. Thank you for your support in my musical endeavors. Sincerely, Victoria Brinkley
